## “Hopeful Visioning”

---

Sunday, June 29

Be Certain about our Future! Create our Hopeful Vision!

It's been said that "If you don't know where you're going, that's exactly where you'll end up." Do you ever wonder where our church is going, or what's in our future?

Well, **mark your calendars for Sunday, June 29**. After worship that day, Pastor Scott McKirdy and Pastor Randy will lead those who are interested through a visioning session for the future. This is different from our goals we set each year at Placerville. It is a 5-10 year vision for the future. What do we imagine God leading us to do someday? What is our hope for the future? What is our mission? What is the critical big goal or two we need to strive for or work toward?

You know, God gives us many reasons to be hopeful for our future. God loves his creation, including us. God sent his Son to redeem us and show us a better life - ways of the kingdom. God offers forgiveness and new life - and a future made possible through Jesus Christ.

Hebrews 1:1 says, "Faith is being sure of what we hope for, and certain of what we do not see." So, let's dream together... with Jesus by our side!

Pastor Randy

**SIDEWALKS:** After receiving a citizen complaint regarding the condition of our sidewalks, the Code Enforcement Officer for the City of Spearfish inspected our sidewalks and issued a Notice of Violation regarding the condition of our sidewalks on Main, 7th and Kansas Streets. The Notice provided a 45-day deadline to correct broken, heaved and cracked sidewalks. Jim Hood spoke with the Code Enforcement Officer regarding the deadline and was informed that so long as the Church was making a good faith effort to remedy the situation the City would refrain from taking formal enforcement action.

Estimates were received from Ainsworth-Benning Construction and Rock Solid Concrete. After much discussion the Trustees decided to proceed with the minimum repairs required to bring the sidewalks to City Code plus the south entry to the alley and the entry to the south door. The bidders have been contacted and asked to revise and update their estimates. The company with the lowest responsible bid will be hired to complete this project. The cost will be approximately \$30,000. This amount will be withdrawn from the Investment Account at this time and placed in the Money Market Account. The final amount will be determined based on the actual quantities of materials used. — John Daum, Stephen Digioia, Brian Eberhard and Jim Hood, Trustees

### **MISSION NEWS:**

The UCC Special Offering, Strengthen the Church, will take place on Sunday, June 8, 2025. The Strengthen the Church (STC) Offering reflects the shared commitment of people across the United Church of Christ to cooperatively build up the UCC. Conferences and the national setting equally share the gifts given by members and friends through their local congregations. The funds raised support leadership development, new churches, youth ministry, and innovation in existing congregations. As God calls our congregations to be the church in new ways, your donations will plant new churches, awaken new ideas in existing churches and develop the spiritual life in our youth and young adults. A collection jar will be available in the back of the church on June 8th and June 15th if you would like to participate in the Special UCC offering. If you donate by check, please make it payable to Strengthen the Church or to Spearfish UCC with Strengthen the Church in the memo line.

Missions is still in need of volunteers to provide fruit and vegetables for the clients visiting the Good Shepherd Clinic on the third Monday of each month. Sign up sheets are on the glass counter. There is additional information on the sign up sheets. Also, please speak to Marcie Nuenke if you have any questions about volunteering.

### **BEEES AND BUTTERFLIES POLLINATING GARDEN UPDATE:**

The UCC Pollinator Garden is waking up after a long winter's nap. Glenn and Ian Umphrey have been giving it some attention by pulling weeds and adding filler. A lot of grass started taking over so that has been problem to deal with.

The plants have been waking up after their first year of Sleep. Year two we should see them Creep.

If any plants we bought from the SDSU students last year didn't survive, they will be replaced free. So I'll be going back to Snappers Club on Saturday, June 7 to get them. By the way, anyone can go to Snappers Club that day for educational talks and the native plant sale. It is a lot of fun and very interesting.

For more information and photos, see the church's Facebook page!
